REACH/SVHC Declaration of Compliance for NT100A01-SCC SmartNICs

Article 33 of the REACH[1)] regulation requires Napatech to inform customers whether the received Napatech product contains substances on the Candidate List of Substances of Very High Concern (SVHC) in a concentration above 0.1% by weight per weight of the article (w/w).

To comply with the information obligation of REACH Article 33, Napatech has evaluated the articles in the referenced products in Annex 1 for the presence of any of the 253 SVHC as updated by ECHA on February 4, 2026. Napatech has found that, apart from the SVHC listed in Annex 2, the referenced products contain no SVHC above 0.1% w/w in any articles within the products, as interpreted by EU's Court of Justice judgement C-106/14. In addition, the referenced products comply with the substance restrictions listed in REACH Annex XVII that limits various substances for specific uses.

For information on Napatech's REACH policy, see document, GD00231 Napatech Statement on REACH.
